WHAT'S INCLUDED

- 13 Amp ALLSAW Power Tool
- Set of General Purpose Blades
- Set of Plunge Blades
- Set of Headjoint Blades
- Heavy Duty Dust Boot
- Standard Dust Boot
- 2 Sets of Blade Bolts
- Ian (Torque) Key
- Arbortech Carry Bag

GENERAL PURPOSE BLADES

Used for general cutting of bricks and mortar, or general masonry cutting. Also used for cutting tree roots or wood through dirt and sand.

Depth: 4 3/4" Width: 9/32"

PLUNGE BLADES

Used for general cutting of bricks and mortar. Ideal for single brick removal and toothing of brickwork.

Depth: 4 3/4" Width: 9/32"

SWITCHBOX BLADES

Ideal for single brick removal and toothing brick work. Also suited to cut small square holes

Depth: 4 3/4" Width: 9/32"

HEADJOINT BLADES

Ideal for tuckpointing and mortar removal on vertical joints.

Depth: 3" Width: 9/32"

HERITAGE BLADES

Ideal for mortar removal on thin joints and heritage restoration.

Depth: 1 3/8" Width: 1/8"

XL GENERAL PURPOSE BLADES

Cut up to 6 3/4" deep.

Depth: 6 3/4" Width: 9/32"

HEAVY DUTY DUST BOOT

Collects most of the dust generated when connected to a vacuum. This keeps the worksite clean and reduces silica dust particles in the air.

ARBORTECH™

ALLSAW

MASONRY RESTORATION KIT

SINGLE BRICK REMOVAL

PRECISE INSTALLATIONS

TUCKPOINTING AND MORTAR RESTORATION

FAST AND EASY TOOTHING

CUT SQUARE WITHOUT OVERCUTTING

EXTRACT HARMFUL DUST

CUT SQUARE, CUT DEEP AND CUT WITH PRECISION.

Engineered to significantly improve safety and efficiency when cutting brick walls, mortar and more. Ideal for Masonry Professionals, there are a number of blade options for specialized trade applications.

CUT SQUARE

The ALLSAW cuts square openings with no overcutting. Surrounding brickwork can remain untouched. No bolstering or stitch drilling is required and job completion times can be reduced.

CUT DEEP

The ALLSAW is the only small handheld saw able to cut to a depth of 170mm.

CUT SAFE

The ALLSAW provides superior operator safety. The inherently safe cutting action prevents kickback and is easy to control.

PLUNGE CUT

Use the ALLSAW to cut directly into flush walls without stitch drilling.

CUT DRY / LOW DUST

This unique cutting technology creates very little fly dust protecting the operator and creating a cleaner work environment.

HIGH VISIBILITY AND PRECISION CUTTING

The forward facing blades allow clear visibility when cutting making the ALLSAW the ideal tool whenever accuracy and precision is required.

ARBORTECH™

ALLSAW

MASONRY RESTORATION KIT

NEW heavy duty triple V belt

improves power transmission allowing for a longer lifetime and faster cuts

Vibration reduction handle

will increase comfort, control and see you working for longer

Interchangeable blades

enable precise deep cutting for a wide range of tasks

NEW powerful heavy duty motor

1400 Watts (13 Amps) of power for improved cutting performance and longer brush life

Ergonomic handle

with trigger lock on switch

NEW Heavy Duty Dust Boot

will help you control harmful silica dust and minimize clean up of your work site
